

FINAL

**NOAA 37th Science Advisory Board Meeting
23-24 March 2010
Washington, DC**

Summary of All Actions

Action 1: The NOAA Science Advisory Board accepts the report from the Oceans and Health Working Group and will transmit it to the NOAA Administrator.

Action 2: NOAA will provide a response to the recommendations in the SAB Oceans and Health Report within one year after transmittal of that report to the NOAA Administrator.

Action 3: The NOAA Research Council Social Sciences Committee will provide feedback to the NOAA Science Advisory Board on specific needs for future advice and mechanisms for providing that advice.

Action 4: The NOAA Science Advisory Board accepts the recommendations from the Ecosystem Sciences and Management Working Group on the Ecosystem Approach to Management and Integrated Ecosystem Assessments and will transmit these to the NOAA Administrator.

Action 5: NOAA will provide a response to the SAB recommendations on the Ecosystem Approach to Management and Integrated Ecosystem Assessments within one year from transmittal to the NOAA Administrator.

Action 6: The NOAA Science Advisory Board will hold a discussion on coordination of SAB Working Group activities at the next meeting.

Action 7: NOAA will provide version 2.0 of the NOAA Next Generation Strategic Plan to the SAB for comments

Action 8: The NOAA Science Advisory Board will provide written, individual comments on ver. 2.0 of the NOAA Next Generation Strategic Plan by 5 April for incorporation into version 3.0 of the NGSP for public comment.

Action 9: The NOAA Science Advisory Board will provide additional comments to NOAA on version 3.0 NGSP during the public comment period.

Action 10: NOAA will continue to update the Science Advisory Board on advances in engagement activities and will consider whether the SAB can provide ongoing advice through a standing working group on engagement.

Action 11: The NOAA Science Advisory Board will provide written, individual comments on the Draft IOOS Road Map by 31 March (comment sheet with draft document).
