

Structure for NOAA's presentation on their PWR Response to the SAB

- I. General comments and introductions (25 minutes)
 - a. Introductory Remarks by PWR Team – John Kreider, Brad Colman, Scott Glenn (5 min)
 - b. Introductory Remarks by NOAA – Michael Morgan (5 min)
 - c. Introductory Remarks by NWS – Speaker TBD (5 min)
 - d. Overview of NOAA Response - Steve Smith and Dorothy Koch (10 min)
(To include overview of the NOAA response process and experience/diversity of participants used)
- II. Three separate panel discussions (each approximately 30 min in length)

First Panel Discussion: Actions that are planned, or being taken, that are associated with the section: "Immediate First Steps." In the overview, please highlight:

- a. Any important actions that NOAA has taken or is taking as a result of the PWR report. What are the expected impacts?
- b. Any specific challenges?

Second Panel Discussion: NOAA actions that are planned or being taken in the longer term that are associated with the three pillars and/or foundational cross-cutting elements. In the overview, please highlight:

- a. Any important actions that NOAA plans on taking as a result of the PWR report. What are the expected impacts?
- b. Specific metrics and criteria that will be measured to determine success (e.g., KPIs, etc.)?
- c. Any specific challenges?

Third Panel Discussion: Actions the community can take to help (government, academia, private sector) be successful in implementing the PWR report. In the overview, please highlight:

- a. What are you doing to engage non-NOAA partners (e.g., ICAMS) to enable a good solution?

- b. What can the SAB do to support NOAA's implementation of PWR priorities and directions?
- c. What are you doing, or planning to do, to promote/ensure open science and open data?

III. Closing Remarks and Next Steps (15 minutes)
