SCIENCE ADVISORY BOARD

NOAA letter of support sent to NSF on February 29

NSF proposal for ngGONG

- not accepted, but not rejected, in 2023
- unlikely to be successful without shared financial support for design phase

ngGONG-O (scaled back operational network)

- NSO white paper written in February 2024
- DOD/NSF/SWPC meeting at Space Weather Workshop in April
- DOD and SWPC currently engaged in prioritization activities
